**One Square Burned.**  
National Associated Press to the Star.  
INDIANAPOLIS, Oct. 3.—About 4 o'clock this morning the whole of one square in the business portion of Frankton, Indiana, was burned. The fire originated in the livery stable in the rear of the Post-office, and is supposed to have been the work of an incendiary.  
The buildings burned were all frame, and were occupied by the post-office; Kimbrell & Co., druggists; J. Townsend & Sons, dry goods; Hurst & Bro., hardware; J. W. Caviston & Co., druggists. The total loss is estimated at \$12,000 to \$15,000. No insurance.

**Will Hand in his Resignation.**  
National Associated Press to the Star.  
ST. PAUL, MINN., Oct. 3.—It is understood that the Hon. R. E. Davis, Democratic nominee for Lieutenant Governor, will soon hand in his resignation, the reasons for which are understood to be opposition to Hon. E. D. Fearing, nominee for Superintendent of Public Instruction, and opposition to the Democratic platform.

**Arrested for Murder.**  
National Associated Press to the Star.  
LINCOLN, NEB., Oct. 3.—Day before yesterday the people of this section were astounded by the rumor that John Jones, known as Lord Jones, a wealthy Englishman at Crete, had been arrested for the murder of a girl in his employ. The body of a female was found on the premises, Jones having been away three years. The report gained ground. To-day, however, it appears that the report is unfounded, Jones merely appearing as a witness. It is stated that the lady supposed to have been the corpse upon which the jury was sitting was safe in England, and had been there three years. The body found is supposed to be that of an unknown woman who went over a dam last spring.

**THE EASTERN WAR.**  
Alleged Russian Defeat at Niehjaran.

National Associated Press to the Star.  
RUSSIAN DEFEAT.  
LONDON, Oct. 3.—A dispatch from Erzeroum announces the defeat of the Russians at Niehjaran, with a loss of four hundred men and a large quantity of arms. This news comes from a Turkish source, and may be received with caution. It is possible that the Russian is anxious to show that he deserves the title of Ghazi, just conferred upon him by the Sultan, and has invented a battle.  
A REGULAR SIEGE.  
RUSSIAN FIRING ON PLEVNA.  
LONDON, Oct. 3.—A dispatch from Bucharest says the Russians are keeping up an incessant artillery fire on the east side of Plevna.  
A DISPATCH from Gurzey Studen says: "At a war council held yesterday it was resolved to proceed with a regular siege against Plevna. General Todleben will place heavy ordnance on the three sides of the town."

Captain Kirkbride, the owner of the boat; Pilot Umstetter, and a passenger named Sponner, from Steubenville, were killed. The wounded are Rev. Mr. Baer, of Pittsburgh; Andy Harrison, the mate; John Landmesser, and several passengers whose names have not been ascertained.

**WASHINGTON.**  
Special to the Star.  
WITOWSKI'S CASE.  
WASHINGTON, Oct. 3.—The Witowski case is progressing in the courts and being vigorously prosecuted, with the chances against him. Messrs. Matt. Carpenter, Shellabarger and Wilson are his counsel. Two of the crowd have pleaded guilty, and the Government wants to use their testimony. So far no testimony incriminating Gen. Negley has been developed.

**KELOGG'S CHANCES.**  
An examination of the records and expressed opinions of Senators on the Louisiana case indicates that Kellogg will almost certainly be rejected, and Judge Spofford probably admitted to his seat in the Senate.

**Washington Monument.**  
National Associated Press to the Star.  
WASHINGTON, Oct. 3.—New surveys are making to ascertain whether the foundation for the Washington Monument will bear the additional weight involved in its completion according to the original plan.

**The Timber Thieves.**  
Ex-Congressman Negley arrived here yesterday, and reported to the officers of the court that he was ready to stand trial for his connection with the Witowski timber steal. He will not be tried until the trial of Witowski, now pending, is closed; and meanwhile is to be allowed the freedom of the city on his own recognizance.

**Wants a Court of Inquiry.**  
Friends of General Ingalls says that he will request a Court of Inquiry to examine into his alleged connection with the moth preventive contract.

**Reports About Lieutenant Bullis Sensational.**  
The following telegram was received at the War Department yesterday afternoon too late to be presented at the Cabinet session, but copies of it were promptly furnished to the President and Secretary of State:  
"CHICAGO, Oct. 2.  
"To Gen. E. D. Townsend, Washington:  
"The following telegram from Gen. Ord was received last night: Lieut. Bullis crossed after the Indians near the mouth of Devil's River on the 26th, expecting to have to pursue them to their camp, twenty miles north of Saragosa. Col. Shafter crossed on the 28th or 29th to support Bullis, in case he might be encountered with wounded or needed support. No news from either. Telegram of a disaster was sensational."  
[Signed] P. H. SHERIDAN, "Lieut. General."

**Sonora's Secession.**  
A letter received here yesterday from Guaymas, Mexico, gives an account of the efforts of the State Legislature of Sonora to secede from the Mexican federation and set up an independent government. The scheme was, however, promptly thwarted by the Government forces, who arrived in the State on the day following the promulgation of the decree of the Legislature. At the date of the letter complete order had been restored.

**John Laird Vindicated.**  
The charges against Mr. John Laird, Inspector of Customs at the port of New York, were yesterday dismissed by the Treasury Department.  
**National Bank Notes.**  
It is the opinion of the Comptroller of the Currency that the issue of new National Bank Notes for the present month will exceed the amount issued in September, and that large monthly issues will continue until the crops are all moved to market.

**NEW YORK CITY.**  
**A Venerable Lady's Golden Jubilee.**  
National Associated Press to the Star.  
NEW YORK, Oct. 3.—The golden jubilee or fiftieth anniversary of the reception of Mother M. Jerome into the religious society of the Sisters of Charity was grandly celebrated on Sunday and Monday, the patron saint of the venerable mother, and the observance of that day consisted of a grand high mass commencing at 10 A. M.; the visit and congratulatory addresses of a large number of friends from the city, the suburbs and distant places, and the presentation of the choicest flowers arranged in various artistic forms, and other beautiful tributes.  
The clergy and laity were well represented among the throng of visitors. Cardinal McCloskey, Vicar General Quinn, Charles O'Connor and others were among the distinguished gentlemen who called to pay their respects. Among the lady visitors were many who were educated in institutions that had been in charge of Mother Jerome. The Cardinal delivered an exceedingly interesting address on Sunday evening, eulogistic of Mother Jerome and instructive to young ladies.  
A large number of people called Monday with their compliments, and in the evening, commencing at 6 o'clock, there was a beautiful congratulatory entertainment by the pupils of the Mount in honor of the jubilee. Mother Jerome was born in Ireland, in Maryland, and became a Sister of Charity in her seventeenth year. She is now in her sixty-seventh year but in fine health, and does not appear to be over fifty years of age. There is only one other Mother in the United States, now living, who has attained her fiftieth year in the order, this lady being Mother Columba, in Kentucky, whose golden jubilee was celebrated several months ago.

**Immense Forgeries.**  
The quietude of Wall street was disturbed yesterday afternoon by rumors of a great robbery, which upon investigation turned out to be true. William E. Gilman, an old and reputable broker and dealer largely in insurance scrip; is the forger. Monday afternoon Mr. Jones, the President of the Atlantic Mutual Marine Insurance Company had some certificates sent in and immediately discovered that they had been altered or raised. There were two certificates of the Atlantic Mutual for \$10,000 each, which, upon examination, showed that they had been raised from \$100 each. Yesterday ten more certificates came in, amounting in the aggregate to \$87,320. These, upon critical examination, it was found, had been raised, five from \$100, one from \$50, two from \$70 and one from \$500. The total legitimate value of these certificates was only \$1,200. Two of these raised certificates for \$10,000 were hypothecated with H. Talmage & Co., and the ten certificates raised to \$87,320 were hypothecated with the American Exchange Bank.  
The Mutual Insurance Company will lose nothing, as they are only liable for the original amount of the certificates. Exactly what part Mr. Gilman played in this business remains to be explained. He has always borne an excellent reputation, and was one of the best known and most highly respected insurance scrip brokers in the city. He went out of town Saturday, and has not been seen since, although it was rumored that he was in town. The American Exchange Bank people are very reticent about the affair. Detectives are working up the case, and it may be several days before the full extent of the forgery is known.

**BIG FIRE THIS MORNING.**  
The Dry Dock Railroad Stables and Shops Burned.  
National Associated Press to the Star.  
NEW YORK, Oct. 3.—A great fire broke out, about 2 o'clock this morning, at Avenue B and Fourteenth street, in the car shops and stables of the Dry Dock Railroad Company.  
Volumes of smoke were seen a few minutes before 2 o'clock this morning coming from the windows of the car-shop, and before an alarm of fire could be sounded the whole interior was in flames. All the cars of the company were burned.  
Second and third alarms were sounded, and afterwards a special alarm brought the engines from the distant parts of the city. The flames were, however, unable to control the flames, which soon completely enveloped the burning building.  
Every effort was directed to save the tenement building on the opposite side of Avenue B and Fourteenth street. Means were taken to save the building, while the employees of the company, who had gathered at the scene of the fire, made strenuous efforts to save the stock, and horses were given out as fast as they could be unloaded. Soon eight hundred horses, which had been liberated, were running loose in Fourteenth street and threatening the crowds of excited people who thronged to the shop. The firemen, under direction of Chief Bates, made a bold stand to save the tenement building on Avenue B.  
LATER.  
NEW YORK, Oct. 3.—Many of the men stood in the glare of the flames and in danger of the falling walls to pour streams of water on the steaming brick walls. The workmen at length succeeded in taking out all the horses before the stable adjoining the car shop was on fire. The loss to the Dry Dock Company will probably exceed \$500,000. At half-past 2 o'clock the building was one roaring mass of flames, which lighted up all the upper part of the city, and, magnified by the fog, seemed even more extensive than they were in reality.  
The firemen did their utmost to check the spread of the flames, but it was plainly evident that the building could not be saved. The entire number of cars belonging to the company, one hundred and eighty in all, were stored in this building and burned like tinder. Though no wind was blowing, the flames threatened to spread to the adjacent buildings, and their occupants were soon engaged in frantic attempts to save their few household possessions.  
From one of the houses a woman was borne out, shrieking with pain and excitement. She had been seized with labor pains and was hastily transferred to a neighboring house.

**The Troops in Mexico Safe.**  
National Associated Press to the Star.  
SAN ANTONIO, TEXAS, Oct. 3.—A last we have authentic and official information respecting the movements of the Bullis command and those of the force under direction of Lieutenant Colonel Sniffer, a dispatch having been received from the latter officer. From the report made by Colonel Sniffer it appears that the sensational dispatches to the San Antonio papers abstracts of which were forwarded Monday, have no foundation. They were merely based on idle rumors which were in circulation at Fort Clark and other points on both sides of the border. There has been no engagement between American and Mexican troops, nor has there been any fighting with the marauding Indians in whose pursuit Lieut. Bullis and his men crossed over into Mexican territory.

**Suicide.**  
National Associated Press to the Star.  
LOUISVILLE, Oct. 3.—Martin Fuhr shot himself last night through the head in Frank Fein's saloon, on Jefferson street, opposite his lodging place. In his trunk was found \$500 and a bank-book, showing that he had deposited \$800 at Schwartz & Co.'s Bank. The cause of the act is unknown.

**Archbishop Bailey Dead.**  
National Associated Press to the Star.  
NEWARK, N. J., Oct. 3.—Archbishop Bailey died at 10 o'clock this morning.

**LATEST LOCAL.**  
"MR. FRANK HARFF states that he is not to blame for the accident at the Lookout House last night, as he had given orders twenty minutes before the fireworks that all carriages be driven away out of danger."  
MR. BRYAN TRAXNER, the proprietor of the saloon at the corner of Water and Race streets, called at this office to-day, and stated that William Reynolds was not killed in his saloon, that he had given no beer or liquor to the deceased, and that his place was not a "low den," as styled in one of the morning papers.

**Sheriff Thomas.**  
SHERIFF THOMAS, of Butler County, came down to-day and took William Dudgeon and his wife, Amy E. Dudgeon, who were arrested yesterday at Cromwell's Hotel, Twenty-fifth Ward, by Officer Hamel in compliance with a dispatch from Sheriff Thomas. The charge against the prisoners is unknown as yet.

Lee, larceny, continued to 5th; Jane Hutchinson, house of ill-fame, continued to 15th.

**Eva Green.**  
The inquest was resumed this morning. Mrs. Elizabeth Kettler, step-sister of the deceased, testified that Eva came to her house last Thursday evening and told her that she intended to go to Mrs. Adler's and stay over night, and from there she expected to go to Mr. Littlejohn's, of Covington, as his children had expressed a desire to see her. She knew nothing of the condition of her sister, nor did she know Mr. Hoge; Eva, however, had told her that she had called on her for two years. She met Mrs. Adler for the first time last Sunday, when she brought the information of her sister's death. She had never known Mrs. Melchior, nor had her name ever been mentioned to her. She knew of a gentleman, who having kept company with deceased except Hoge and John J. Weist, who took her out occasionally. The deceased had always enjoyed good health, and had never complained to her.  
Several other witnesses were examined, but in the main the testimony is a repetition of preceding witnesses.  
Mrs. Mary H. Hinch testified that she was a sister of Mrs. Melchior, who she says is a widow having one child, a boy, and that Mrs. Melchior died sewing for livelihood. She had never mentioned to her that she had ever helped women out of trouble.  
The whole testimony up to this time may be summed up in these few lines: Deceived with promises of marriage, then shame and melancholy; and following this as a natural consequence an attempt to conceal all by removing the cause; an ignorant, heartless woman, in consideration of \$5, promises what she desires; as a result of ignorance and most terrible malpractices she dies in agony and is buried in disgrace, her funeral unattended by him who wrecked her life in time and placed in jeopardy her future happiness in eternity.  
The inquest will be resumed at 2 P. M. Friday, when in all probability a verdict will be reached.

**Eva Green.**  
The inquest was resumed this morning. Mrs. Elizabeth Kettler, step-sister of the deceased, testified that Eva came to her house last Thursday evening and told her that she intended to go to Mrs. Adler's and stay over night, and from there she expected to go to Mr. Littlejohn's, of Covington, as his children had expressed a desire to see her. She knew nothing of the condition of her sister, nor did she know Mr. Hoge; Eva, however, had told her that she had called on her for two years. She met Mrs. Adler for the first time last Sunday, when she brought the information of her sister's death. She had never known Mrs. Melchior, nor had her name ever been mentioned to her. She knew of a gentleman, who having kept company with deceased except Hoge and John J. Weist, who took her out occasionally. The deceased had always enjoyed good health, and had never complained to her.  
Several other witnesses were examined, but in the main the testimony is a repetition of preceding witnesses.  
Mrs. Mary H. Hinch testified that she was a sister of Mrs. Melchior, who she says is a widow having one child, a boy, and that Mrs. Melchior died sewing for livelihood. She had never mentioned to her that she had ever helped women out of trouble.  
The whole testimony up to this time may be summed up in these few lines: Deceived with promises of marriage, then shame and melancholy; and following this as a natural consequence an attempt to conceal all by removing the cause; an ignorant, heartless woman, in consideration of \$5, promises what she desires; as a result of ignorance and most terrible malpractices she dies in agony and is buried in disgrace, her funeral unattended by him who wrecked her life in time and placed in jeopardy her future happiness in eternity.  
The inquest will be resumed at 2 P. M. Friday, when in all probability a verdict will be reached.
